Work experience

Quanta Hive
04/2020   *Douala, Cameroon*

Online Learning Platform: March 2022 - July 2023
Online learning platform for French courses
- Developed a responsive web application for an online learning platform, with features for course enrollment, progress tracking, and online assessments
- Worked collaboratively with a team of developers and designers to implement the frontend and backend
- Resulted in increased user engagement and revenue for the platform
Next.js · Node.js (Express) · AWS · MySQL · GitLab · SCRUM

MamaAfrika: April 2021 - January 2022
Web application for the food ordering system of a restaurant
- Built a web application for a food ordering system, allowing users to browse menus, place orders, and track delivery status
- Solely responsible for implementing the frontend using Next.js and Tailwind CSS
- Resulted in increased customer satisfaction and streamlined ordering processes
Tailwind · Bootstrap · HTML · CSS · JavaScript · HTML5 · GitHub

WeLink: November 2020 - March 2021
Mobile chat app, audio call, and connecting companies and individuals
- Built a web application for a social media dashboard, allowing users to manage multiple social media accounts in one place
- Solely responsible for implementing the frontend using React and styled-components
- Improved efficiency and time savings for social media managers
React · Next.js · Tailwind CSS · GitLab · SCRUM · GIT

PREA: April 2020 - August 2020
Web Monitoring Application - Outcome Project Evaluation (RBM)
- Maintenance (bug fixes)
- Incident Management
- Application & Server Maintenance
WordPress

Beyond Technologies LLC
01/2019 – 05/2020   *Douala, Cameroon*

Bolo: January 2019 - May 2020
A job search website allowing to apply and post different offers, as well as to offer services.
- Collaborated with designers and backend developers to ensure seamless integration of front-end and back-end functionalities
- Developed and implemented new features for a web application, resulting in a 30% increase in user satisfaction
- Created and maintained documentation for front-end codebase and design patterns
Tailwind · Next.js · Figma · TypeScript · Three.js · GitHub
